Experiencing God

“God Speaks Through the Church”

Ephesians 4:15:16

- I. God Can Use the Body of Christ
To Communicate the Will of God. (Ephesians 1:22)

- II. God Can Be Sending You In a Different Direction
In Your Life Than Others May Understand in the Church
(Acts 21:7-14)

- III. God Demands We Always Follow the Bible
(Galatians 2:11-16)

Questions

1. Are you interconnected in a church body so that God can speak to you through other church members? If so what has God been speaking to you through your fellow church members?

2. How do you respond when you become aware of a need in your church that you might meet? How do you know if you are the person God wants to use to meet that need?
